

KITCHEN SINK TOY SET FOR KIDS - PLAY22 ORIGINAL

LET YOUR LITTLE GIRL LEARN DISHWASHING WITH FUN

This is a fantastic role-play wash-up **kitchen sink toy** for children to learn dishwashing. Your little one can not only enjoy doing housework but also develop her hands-on ability. This kitchen sink toy set is equipped with a faucet, and the water will come out automatically when the switch is turned on. It uses a motor to absorb recycled water with uninterrupted outflow. Let your kids enjoy and learn!

INSTRUCTIONS TO USE

- ✓ No assembly required
- ✓ Fill the water tank with water
- ✓ Simply press the water pump and the water faucet fun will begin. Runs on a motor
- ✓ With the recycling water system, your children don't need to add additional water
- ✓ Bring up the IQ level and intelligence skills of the kid and help develop the mind
- ✓ Made of high-quality kids-safe special plastic material for easy cleaning
- ✓ Comes with smooth edges, without burrs for the safety of children. No worries!
- ✓ Please remember to turn off the switch before placing the faucet every time
- ✓ Remove the faucet from the toy in case it is not used for a long time
