

## INSTRUCTIONS TO USE

- Powered by a 12-volt battery, this car for kids can spin in any direction (360 degrees) indoors and outdoors.
- The seatbelts will provide you with peace of mind. You can also lock the joysticks using a remote control, allowing you to control the baby car
- There are blinking lights, playful songs, and a horn sound on this bumper car for children
- There is a soft foam sponge bumper. It not only protects your walls and furniture but also your toddler car
- Designed to save you the trouble of hitting a wrong turn with a soft anti-collision rubber strip
- No assembly, Simply connect the battery wire, and it's ready to go

## THIS AWESOME CAR WILL SPARK HOURS OF ACTIVE PLAY

Let your little one have unlimited fun! This fully rechargeable ride-on kid's bumper car can rotate a full 360 degrees with a simple dual-control joystick. Featuring awesome light and sound effects, your children will feel like being at the fair. With a top speed of 1.9 mph, this ride-on electric car will spark hours of active play. Made with a tough plastic shell and non-toxic ABS plastic for durability, it also has a soft bumper outside for comfort and safety.
