

KIDS LED TOY ROCKET LAUNCHER

Play22 Original

INSTRUCTIONS TO USE

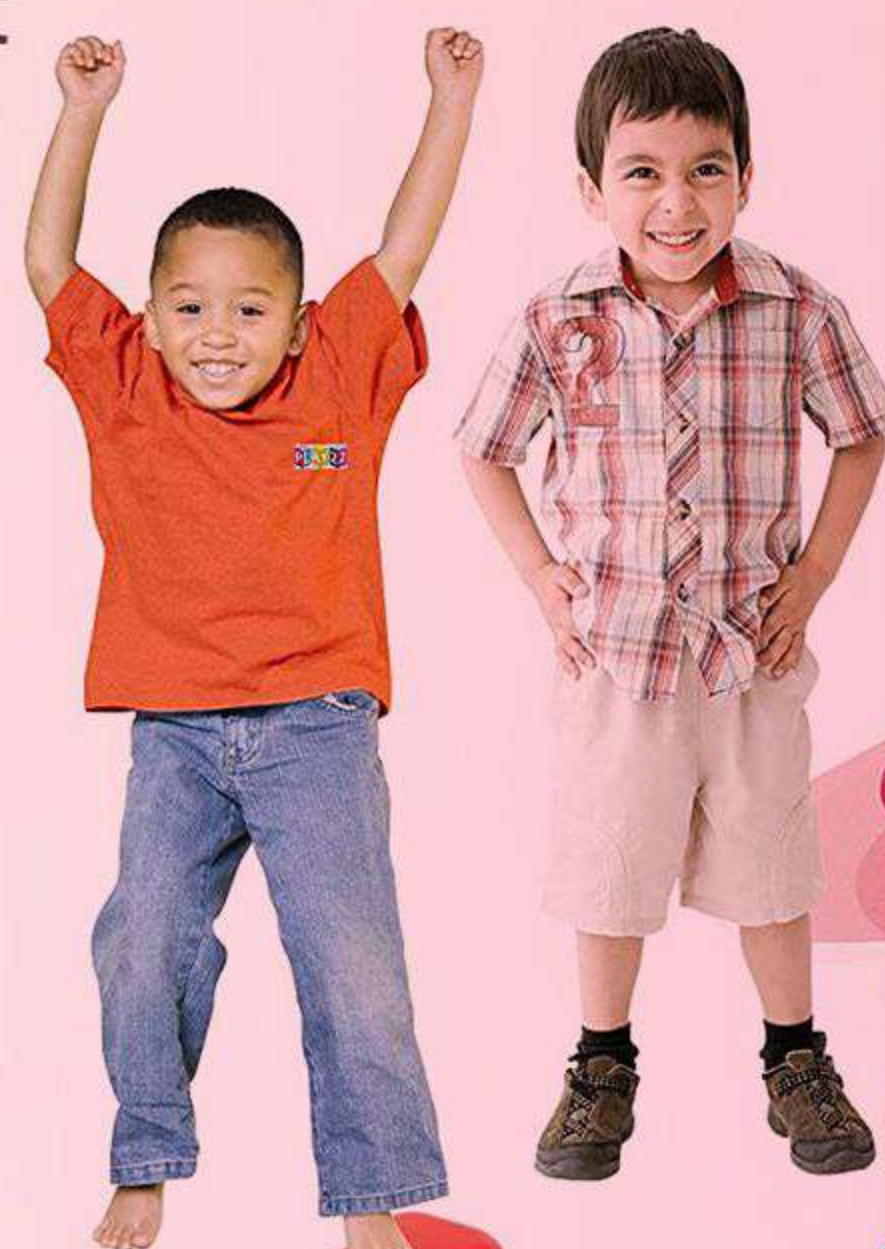

- ✓ Minimal assembly required
- ✓ Simply connect the base, start ramp, hose, foot pump, and rocket
- ✓ Once assembled, you can press the foot pump with your weight and a rocket will fly with an LED
- ✓ This rocket launcher set comes with six durable foam rockets and a powerful foot pump
- ✓ The ejection height can reach a height of 100 feet making it more enjoyable
- ✓ Features a strong anti-wrinkle ability, so it's ready to be used again and again
- ✓ The bottom angle of the launcher is adjustable so that you can change directions
- ✓ No battery is required. It's durable, the bracket and tube are stable and thick
- ✓ Made of high-quality foam with no sharp edges or burrs, no danger to your kids
- ✓ Perfect for 3-4-year-old kids. Let them assemble it and improve their hands-on ability
