Looking for an exciting and thrilling laser tag game that can be played both indoors and outdoors? Look no further than our Laser Tag Gun! This set comes with everything you need for a full-fledged laser tag battle, including 4 guns, 4 vests, and even a UFO drone to add some extra excitement. Our laser guns come with tons of useful features, including great sound effects and 4 different colors of lights that allow up to 4 teams to play together.

Each gun also has its own unique capabilities, including a pistol with 12 bullets that reduces 1-point life value if it hits, a shotgun with 6 bullets that reduces 2-point life value if it hits, a machine gun with 6 bullets that also reduces 2-point life value if it hits, and a rocket launcher with 1 missile that reduces 3-point life value if it hits. Our laser tag game features realistic vibrations every time you shoot or get shot, with a strike distance of approximately 130 feet.
